

# Latex X-Tender™

*Flow and Leveling Additive*

*Open Time Extender*

( Product No. 1107 )

## APPLICATIONS

**For Latex Paints,  
Primers and Latex  
Varnish,  
For Waterborne DTM  
Epoxies and Finishes**

**Flow & Leveling  
Additive**

**Open Time Extender**

**Improves Spraying**

**Improves Brushing**

## FEATURES AND BENEFITS

**Does not affect  
the final paint,  
varnish or coating  
film**

**Will not cause paints  
to yellow**

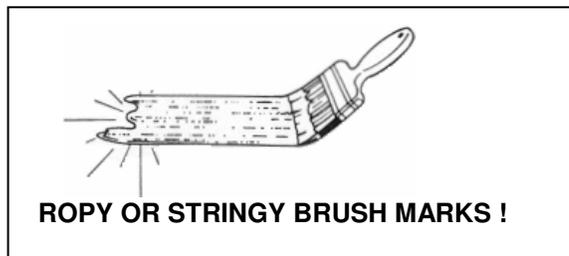

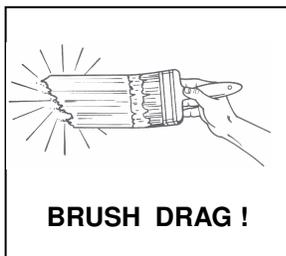

**Will not yellow or  
cloud latex or water-  
borne varnishes**

**Completely Safe and  
Biodegradable**

**Clean up with water**

**XIM .... When Ordinary  
Primers Are Not Enough!™**

**Product Description:** Latex X-Tender is designed to thin the viscosity of thick latex paints, primers and solid latex stains. It helps application when spraying with HVLP, allowing the thick latex paints to spray smoothly without further reducing. When adding XIM's Latex X-Tender there will not be reduction in flash rust control or sag control of the latex paints or primers. It will not affect the paint or primer's overall cure time, but it can extend the "wet edge" or working time. It will allow the thick latex formulations to flow out when brushing. Latex X-Tender will improve the open time of latex, varnishes and does not yellow or cloud the varnish film.

**Product Use:** The recommended level of use is from 2-6 ounces per gallon of Latex X-Tender per gallon of paint or primer. Shake well before using. **Clean Up:** Clean up with soap and water.

**Packaging Information:** XIM Latex X-Tender

Plastic Quarts	6 per carton
Plastic Gallons	6 per carton

**Product Information:** XIM Latex X-Tender:

Weight per gallon	8.5 lb/ gallon
Volatile	> 97%
Mix ratio	2-6 oz per gallon of Latex Paint or Primer
Flash Point	> 200 degree F ( non-flammable)
VOC	8 gm/ liter

**Caution:** Do not take internally. Keep from freezing. Use only with adequate ventilation. **First Aid:** If swallowed, do not induce vomiting. Call a physician immediately. If you experience difficulty in breathing, leave the area to obtain fresh air. Close container after each use. See cautions on label. For additional information see MSDS for this product. Keep out of reach of children
